

**EXT-H2HCOIL**  
**Hook2Hook Coil Tether**

**PRODUCT DETAILS**

- Clip2Loop Coil Tool Tether is engineered to withstand harsh work environments.
- The ballistic nylon heavy duty swivel snap quickly attaches to any D ring attachment, while a side release loop attachment provides a quick and secure solution to tethering cameras, cell phones, radios, and other small objects.
- This coil combines perfectly with our Micro D ring to create drop prevention solutions for items that otherwise are very difficult to tether.
