

EXT

Clip2Clip Coil Tether - 10 Pack

PRODUCT DETAILS

- Clip2Loop Coil Tool Tether is engineered to withstand harsh work environments.
 - The ballistic nylon heavy duty swivel snap quickly attaches to any D ring attachment, while a side release loop attachment provides a quick and secure solution to tethering cameras, cell phones, radios, and other small objects.
- This coil combines perfectly with our Micro D ring to create drop prevention solutions for items that otherwise are very difficult to tether.
