- 39 models
- Internal plunger threads
- Snap in grooved saddles
- Rod wiper seals out dirt and contamination
- Collar fixture threads
- Two base mounting holes on most models
- Our most rugged, high torque capacity ratchet

PRODUCT ATTRIBUTES

The image displays a vertical column of 28 small tables, each representing a product's technical specifications. Each table is structured with columns for 'Part Number', 'Description', 'Material', 'Finish', 'Dimensions', and 'Weight'. The tables are arranged in a grid, with two columns of 14 tables each. The content of the tables is repetitive, showing similar technical data for different product variants. The tables are small and densely packed, with text that is difficult to read at this scale.
