

3834-ARBR-11152QC

**Arbor with Quick Change function
for Carbide Holesaws 32 mm x 210
mm x 11.1 mm - Cardboard Box**

PRODUCT DETAILS

- Arbors ending with QC have a quick-change mechanism where no tools are needed to change the holesaw
- 3834-ARBR-9100, -11152 and -16152, are equipped with Power Driver™ that increases the strength and eliminates play of the holesaw by redistributing the load from the thread to the solid cap
- Arbors can be used with carbide holesaws but we recommend to use the carbide tipped pilot drill, 3834-DRL-CT, for cutting abrasive materials
- Arbors can be used for multi-construction holesaws but it requires changing the drill to 3834-DRL-L
- HSS Pilot drill is included in all arbors, to be used for metal and wood applications
- Easy change of holesaw with quick change mechanism
